Dear Andrew and all at Eastern Centre Auto-Cycle Union,

The lives of seriously injured and ill people across East Anglia are being saved today because of you and your fantastic fundraising! Thanks to your donations, people in our region can receive the expert critical care they need in an emergency 24 hours a day, 7 days a week as well as support with their recovery. Your fundraising could also support our communities through our Bystander CPR and Defibrillator (AED) training sessions. You really are making a difference.

Your kind fundraising donation of £1265.00 has arrived safely and we thank you so much! East Anglian Air Ambulance (EAAA) could not save lives without you. Please share our thanks with everyone who contributed to your fundraising and participated in the 2025 season. Together you really will save lives.

In 2024, EAAA crews were tasked an average of eight times every day, attending 1,941 people from bases in Norwich and Cambridge. This includes patients like Ruth, who suffered a cardiac arrest at home in February 2024. The critical care interventions that the EAAA crew provided at scene were essential steps in helping to give her the best possible chance of survival when her life hung in the balance.

Ruth said, "To the people who donate £5, £10 or whatever they can afford, thank you; you know it is going towards saving lives - and I am grateful you were there for me."

Thank you for choosing to give your support and donations to the patients of East Anglian Air Ambulance – we really appreciate you. We look forward to keeping you up to date about the patients your donations have helped. If you are planning on organising another fundraiser in the future, please get in touch; we'd love to hear from you and provide any support you might need.

Best wishes,

Ben Walker
